Re: Request for a Unitholders' Resolution for the Merger of the K Minimum Volatility Quantitative Fund (K-MV) with the K Thai Equity Dividend Fund (K-EQD) and the Termination of the K Minimum Volatility Quantitative Fund (K-MV)

To: Unitholders of the K Minimum Volatility Quantitative Fund (K-MV)

Enclosures:

- (1) Summary of Key Comparisons between the K Minimum Volatility Quantitative Fund (K-MV) and the K Thai Equity Dividend Fund (K-EQD)
- (2) Procedures, Key Details, and Timeline for the Fund Merger
- (3) Voting Form for the Resolution on the Merger of the K Minimum Volatility Quantitative Fund (K-MV) with the K Thai Equity Dividend Fund (K-EQD) and the Termination of the K Minimum Volatility Quantitative Fund (K-MV)

As you are a unitholder of the K Minimum Volatility Quantitative Fund (K-MV), an equity fund with a policy to invest, on average over the fiscal year, at least 80% of the Fund's net asset value in equities. The Fund will focus on investing in stocks that are constituents of the SET100 Free Float Adjusted Market Capitalization Weighted Total Return Index (SET100FF TRI) and aims to minimize the volatility of the overall portfolio's returns relative to the benchmark. The investment allocation may be adjusted from time to time as deemed appropriate by the Management Company.

Given the challenges expected in the Thai equity market arising from economic and political conditions, Thailand's GDP growth is projected to slow to an average of approximately 2% over the next 10–15 years, compared with the pre-COVID-19 average growth rate of 3.6%. Consequently, earnings forecasts for listed companies have also been revised downward.

Nevertheless, the Management Company is of the view that large-cap companies with stable revenue bases, strong cash flows, sustainable profitability, and consistent dividend payments are well positioned to withstand market volatility. Accordingly, investment in fundamentally strong Thai equities with regular dividend distributions is considered appropriate for long-term investment, with objective of achieving stable and sustainable returns. At present, the Management Company offers the K Thai Equity Dividend Fund (K-EQD), which has an investment policy to invest, on average over a fiscal year, not less than 80% of the Fund's NAV in Thai equities. The Fund focuses on investing in equities with a track record of regular dividend payments and/or a prospect of dividend payments in the future at a level higher than the market average (high-dividend stocks), and is recommended for investors seeking long-term exposure to Thai Equities.

In this regard, the Management Company therefore intends to seek a resolution from unitholders **during the voting period from February 23 to March 25, 2026** in order to proceed with the merger of K-MV into K-EQD. The merger is expected to enhance the efficiency of the Management Company's fund management and to reduce fund's operation expenses charged to the fund. The rights of K-MV unitholders shall remain unchanged following the amalgamation. Subject to approval by the unitholders, the Management Company will proceed with the fund merger, whereby **all the K Minimum Volatility Quantitative Fund-T(A) (K-MV-T(A)) unitholders will be transferred to the K Thai Equity Dividend Fund-T(A) (K-EQD-T(A)) and all the K Minimum Volatility Quantitative Fund-A(A) (K-MV-A(A)) unitholders will be transferred to the K Thai Equity Dividend Fund-A(A) (K-EQD-A(A))**, and K-EQD will

purchase and/or assume all assets, rights, and obligations of K-MV. Upon completion of the merger, K-MV will be terminated.

The Rights of Unitholders

1. From the date of the resolution notice until the effective date of the fund merger, unitholders shall continue to have full rights to subscribe to or redeem investment units of the Fund as usual. However, if the Management Company obtains a resolution approving the fund merger, the Management Company may suspend the acceptance of subscription orders and switching-in orders, or may decline to sell units pursuant to subscription orders already received, as well as cancel subscription under K-Saving Plan. Advance notice will be provided via the Management Company's website.
2. In the event that a resolution approving the merger of K-MV into K-EQD is obtained, unitholders who do not vote or who vote against the fund merger may redeem their units or switch their investment to other mutual funds under the management of the Management Company without redemption fees (exit without fee), if any, within the specified period. Advance notice will be provided via the Management Company's website.

Expenses for the Resolution and Fund Merger

The resolution expenses shall be charged to the Fund. However, if the resolution does not obtain approval from the unitholders for the fund merger, the Management Company shall be responsible for such expenses. The Expenses incurred in the merger process, such as liquidation costs and unitholder notifications, will be charged to the Fund.

Opinion of the Management Company

Advantages

- **Suitable for long-term investment:** The merger of K-MV into K-EQD provides unitholders with the opportunity to achieve appropriate returns under a gradually growing Thai equity market in the coming period. K-EQD has a policy of focusing on high-dividend stocks with strong fundamentals, stable cash flow, and profitability. In addition, the Fund's portfolio aims to build resilience against economic volatility by diversifying risks and investing in stocks with the potential to generate long-term returns through dividends alongside quality earnings.
- **Enhanced fund potential:** The fund merger will enable unitholders to invest in a fund with more efficient management, as K-EQD will have a larger fund size, thereby enhancing its ability to diversify investments and allocate the portfolio in an appropriate manner. This is expected to improve the Fund's ability to generate returns and to reduce operating costs per unit.
- **Clarity and Simplicity:** The fund merger will reduce product overlap among the funds managed by the Management Company, thereby enabling unitholders to receive clearer, more comprehensible product recommendations and investment views.

Disadvantages

- **Change in Investment Portfolio:** As K-MV focuses on investing in stocks that are constituents of the SET100FF TRI and aims to minimize the volatility of the overall portfolio's returns relative to the benchmark, while K-EQD's approach of investing across a broader range of companies without volatility constraints, the new investment portfolio may include investments that are not fully aligned with the unitholders' original investment objectives.
- **Fees have increased:** because K-EQD currently charges fees at a higher rate than K-MV.
- **High-dividend stocks may underperform in certain market conditions:** In certain market conditions, high-dividend stocks may underperform compared with other equity segments. For example, during periods of high investor confidence and greater risk appetite (Risk-on), investors tend to allocate more capital to higher-risk assets, particularly growth-oriented stocks. As a result, high-dividend stocks, which are generally defensive in nature, may increase in value at a slower pace.

Opinion of the Independent Oversight Entity (IOE)

The IOE has reviewed the matter and raised no objections to the Management Company's proposed actions. The merger may enhance the potential for unitholders to achieve appropriate returns under a Thai equity market that is expecting to grow gradually. The merger is also expected to facilitate appropriate portfolio diversification and reduce overall risk, which is considered beneficial to unitholders. However, investments in the target fund following the merger may have investment objectives that differ from the unitholders' original intentions, and the fund's fee structure may also change. Unitholders should carefully review the details of the target fund before casting their votes.

Voting Resolution

Approval of the resolution requires the affirmative vote of no less than three-fourths (75%) of the total units held by unitholders who submit a vote on the resolution and are entitled to vote. To constitute a quorum, at least 25 unitholders, or no less than half of all unitholders, must submit a vote on the resolution, and the total number of units represented must be no less than one-third of all units. Votes may be submitted via the voting form (Enclosure (3)), the Electronic Voting System (E-VOTING), or other electronic voting channels approved by the Management Company in coordination with the selling agent or redemption agent.

In counting the votes of all entitled unitholders, the Management Company shall exclude all units held by direct or indirect stakeholders in the matter for which the resolution is sought; all units held by any unitholder in excess of the limit prescribed by the notifications of the Capital Market Supervisory Board, and all units held by other mutual funds for which the Management Company acts as the responsible fund manager. As of now, there are no unitholders having such characteristics.

Effective Date of Resolution

The merger shall be completed within 30 days from the date on which the Management Company notifies the resolution of the fund merger to the Securities and Exchange Commission (SEC). The Management Company shall also announce the effective date of the fund merger to unitholders via the Management Company's website.

Additional Voting Instructions for Fund Merger

Unitholders may cast their votes through one of several available channels. Please select **only one** channel to submit your vote:

1. By postal mail:

Unitholders may indicate their resolution in the Voting Form for the Resolution on the Merger of the K Minimum Volatility Quantitative Fund (K-MV) with the K Thai Equity Dividend Fund (K-EQD) and the Termination of the K Minimum Volatility Quantitative Fund (K-MV) (Enclosure (3)), and return it to the Management Company together with a certified true copy of your national identification card (for Thai unitholders) or your passport (for non-Thai unitholders).

2. Via the "Electronic Voting System (E-VOTING)" service (Only for Thai unitholders):

Through the website <http://www.kasikornasset.com>, select the Mutual Fund menu > Fund Information > E-voting for mutual fund (E-Voting). Then, complete your personal information, verify your identity, and cast your vote according to the procedures specified in the system.

The voting period is from February 23 to March 25, 2026. If unitholders submit their resolution through multiple channels, the Management Company shall record the vote received through the latest channel. However, if a unitholder fails to submit a vote in accordance with the requirements set by the Management Company, such vote shall not be deemed valid.

The Management Company sincerely looks forward to receiving your approval of the aforesaid amendments and hereby gratitude for your cooperation. For any inquiries, please contact KAsset Contact Center Tel. 02 673 3888 press 1 or E-mail: ka.customer@kasikornasset.com.

Sincerely,

Kasikorn Asset Management Co., Ltd.

The supporting documents for voting consideration:

- (1) A Comparative Summary of Key Information between K-MV and K-EQD
- (2) Fund Performance of K-MV-T(A), K-MV-A(A), K-EQD-T(D) and K-EQD-A(D)
- (3) Details of Securities of K-MV and K-EQD
- (4) Financial Statements of K-MV and K-EQD, and The Estimated Financial Statements of K-EQD after the fund consolidation is completed

Unitholders may review the supporting documents for voting consideration via the website www.kasikornasset.com by following these steps:

- Select the Mutual Funds menu
- Select Document Fund Download
- Select Fund Information Documents
- Select Resolution Documents
- Select the relevant fund

If unitholders are unable to access the Management Company's website and wish to receive the supporting documents for voting consideration in hard copy, they may request them from the KAsset Contact Center at Tel. 02 673 3888, press 1, or via e-mail at ka.customer@kasikornasset.com

Procedures, Key Details, and Timeline for the Fund Merger

Procedures	Details
1. Submission of the request for resolution	The Management Company prepared the request for resolution and distributed it to the unitholders, using the unitholder register information as of 8:00 a.m. on February 2, 2026.
2. Voting by unitholders	Unitholders may cast their votes as enclosed and return the voting form to the Management Company or by voting the “Electronic Voting System (E-VOTING).” during the period from February 23 to March 25, 2026. For this resolution request, a complete quorum will be constituted by the responses from not less than 25 unitholders or not less than half of the total number of unitholders with the total number of investment units being not less than one-third of the total number of investment units of the Fund. Approval shall be deemed obtained if the resolution is passed by a vote of not less than 75% of the total number of investment units held by unitholders who respond and are entitled to cast a vote.
3. Vote counting	The Management Company will count the votes received. - If a quorum is present and the resolution is approved by votes of not less than 75% of the total number of investment units held by unitholders who respond and are entitled to cast a vote, the Management Company will proceed in accordance with the procedures set out in items 5–9. - If a quorum is not present, the management company will proceed in accordance with the procedures set out item 4.
4. Submission of a new request for resolution (in case a quorum is not present)	The Management Company will initiate a new request for resolution by sending the request for resolution to the unitholders. The Management Company will announce the new book-closing date of the unitholder register via its website. The resolution will be approved by votes of not less than 75% of the total number of investment units held by unitholders who respond and are entitled to cast a vote.
5. Notification of the resolution on fund merger	If the resolution approving the fund merger is passed, the Management Company will notify the Securities and Exchange Commission (SEC) of the resolution and inform the unitholders through the same channels by which they received the request for resolution and/or via the Management Company’s website.
6. Suspension of subscription orders and cancellation of Saving Plan of the Transferring Fund	The Management Company will suspend the acceptance of subscription and switching-in orders for the transferring fund in preparation for the fund merger and dissolution of the transferring fund. The Management Company will announce the order suspension date to unitholders via its website.
7. Fund merger procedures	The Management Company will complete the fund merger within 30 days from the date of notifying the SEC of the resolution.
8. Dissolution of the transferring fund	The Management Company will proceed the dissolution of the transferring fund, setting the fund’s dissolution date on the same date as the fund merger date.
9. Notification of the fund merger and confirmation of unitholder status in the receiving fund	The Management Company will notify the fund merger and send a confirmation of unitholder status in the receiving fund to the unitholders within 15 days from the completion date of the fund merger is completed.
