

Long Term Equity Fund (LTF)

Invest in an LTF to gain returns from Thai equities; the investment lasts seven calendar years.
You can choose to invest in dividend or non-dividend investment policy.

- Choose the opportunity to receive interim dividend payments over seven calendar years
with an LTF having a policy of paying dividends up to twice a year.

Risk Low 1 High 8	Fund Name	Investment Policy		
6	K70LTF K Equity 70:30	To invest up to 70% of NAV in stocks, the remainder in bonds		
6	KDLTF K Equity Dividend LTF	To invest in stocks with good-fundamentals, diversified in many industries		
6	KGLTF K Growth LTF	To invest in high-growth stocks		
6	K20SLTF K 20 Select LTF	To invest in up to 20 outstanding, high-potential listed firms		

- Choose to let your investment work continuously.
Profit from investing in an LTF without a dividend payment policy.
